

Google Play internal testing install

Narration describes this screen — device capture pending.

Tap play to start

Transcript

Android: Open the Google Play internal testing link from josspatech.com/#hhh, opt in with your Google account, then tap Install.

IOS: Email support@josspatech.com for a TestFlight invite. Install TestFlight, accept the invite, then install Handy Horology Helper.

Open HHH after install. Swipe the welcome slides — identify pieces, track your collection, hunt on eBay. Tap Continue on each slide.

On the last welcome slide, tap Get Started. You land on How do you want to start?

Tap Explore with sample collection to tour Harold's demo gallery — recommended for first launch.

Or tap **Install** then **Onboarding** to **Home** to **My Museum** to **Add Watch** to **Identify**
